

## PURPOSE

The purpose of this policy is to provide a framework for investing Council's funds at the most favourable rate of interest available to it at the time whilst having due consideration of risk and security for that investment type and ensuring that Council's liquidity requirements are met.

## SCOPE

This policy applies to the investment of Council funds by Council officers.

### Delegation of Authority

Authority for implementation of the Investment Policy is delegated by Council to the General Manager in accordance with the *Local Government Act 1993*. The General Manager may in turn delegate the day to day management of Council's investments to the Responsible Accounting Officer or senior staff, subject to regular reviews.

Any such delegated authority is to be recorded and each delegate is required to confirm that they have received copies of the Investment Policy and Procedure documents and that these documents have been read and understood.

Council officers with investment responsibilities will have regard to the requirements of a trustee under the Trustee Act and are to be provided with appropriate training.

## DEFINITIONS

**Bloomberg Ausbond Bank Bill Index** (the) is an index comprised of 13 synthetic instruments defined by rates interpolated from the RBA 24-hour cash rate and the one and three month Bank Bill Swap Rates.

**Authorised Deposit-taking Institutions (ADIs)** are corporations authorised under the Bank Act 1959 (Cwth) to take deposits from customers. ADI's include banks, building societies and credit unions all of which are regulated by the Australian Prudential Regulation Authority.

**Bank Bill Swap Rate (BBSW)** is the compilation and average rate of market rates supplied by domestic banks relating to multiple maturities of bank bills.

**Bill of Exchange** - is an unconditional order in writing, addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay on demand, or at a fixed or determinable future time, a sum certain in money to or to the order of a specified person, or to bearer.

**Debenture** - is a debt security usually secured by a fixed or floating charge over an underlying asset or pool of assets. Debentures are normally issued by companies in return for medium and long term investment funds.

### Ministerial Investment Order

Currently under the Ministerial Order (12 January 2011), Councils are only able to invest in:

- (a) any public funds or securities issued by or guaranteed by, the Commonwealth, any state of the Commonwealth or a Territory;
- (b) any debentures or securities issued by a Council (within the meaning of the Local Government Act 1993 (NSW));
- (c) interest bearing deposits with, or any debentures or bonds issued by, an authorised deposit taking institution (as defined in the Banking Act 1959 (Cwth)), but excluding subordinated debt obligations;
- (d) any bill of exchange which has a maturity date of not more than 200 days; and if purchased for a value confers on the holder in due course a right of recourse against a bank which has been designated as an authorised deposit-taking institution by the Australian Prudential Regulation Authority;
- (e) a deposit with the New South Wales Treasury Corporation or investments in TCorpIM Funds of the New South Wales Treasury Corporation.

All investments must be denominated in Australian Dollars.

In accordance with the Ministerial Order, when investing funds Council will consider, but not be limited by, the risk of capital or income loss or depreciation, the likely income return and the timing of income return, the length of the term of the proposed investment, the liquidity and marketability of the proposed investment, the likelihood of inflation affecting the value of the proposed investment and the costs of making the proposed investment including commissions, fees and duties payable.

## 2. Preserve capital invested by taking into account investment risks

Preservation of capital is the principal objective of the structure of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters. All investments with financial institutions entail some risk. Generally, the higher the anticipated rate of return

of an investment the higher the risk. Council's investments will be diversified across a number of authorised deposit taking institutions having regard to their credit risk.

**3. Manage Council's investments to meet cash flow obligations**

The investment portfolio will be managed to ensure Council's liquidity is sufficient to meet all reasonably anticipated cash flow requirements, as and when they fall due, without overdraft requirement or incurring significant costs due to unanticipated sale of an investment. Determining liquidity requirements provides direction on the term of investments to be placed.

**4. The rate of return on funds invested is to be optimised compared to appropriate benchmarks**

Council's primary objective in investing funds is to prevent any loss to the amount invested, while optimising the rate of return taking into account the risk and timeframes of the investments. When undertaking investment decisions likely changes to market prices over the term of the investment are to be taken into account by taking into account appropriate benchmarks, such as the Bank Bill Swap Rate (BBSW) or Bank Bill Index depending upon the term of the investment.

**5. Preference investments to financial institutions that do not support the fossil fuel industry**

Preference is to be given to investments with financial institutions that do not support the fossil fuel industry, when the investment does not breach AlburyCity's investment credit risk framework.

**6. Give consideration to local economic benefit when making investment decisions**

The relative local economic benefit provided by financial institutions is to be considered when making investment decisions.

Preference is to be given to investments with locally owned and operated financial institutions that support the local region, when:

- they are offering a competitive rate of return; and
- the investment does not breach AlburyCity's investment credit risk framework.

**7. Maintain an appropriate relationship with Council's investment institutions and advisors**

All Council staff are required to carry out their duties in accordance with Council's Code of Conduct. Any conflict of interest must be managed to uphold the probity of council decision-making.

When new products are being considered, Council will seek expert financial advice from an investment advisor, who is licensed by the Australian Securities and Investments Commission. Selection of an appropriate investment advisor is to be determined by the General Manager. The advisor will be asked to confirm in writing that they do not have any conflict of interest in relation to the products being reviewed, including that they are not receiving any commissions or other benefits in relation to the investments being reviewed.

**8. Regularly report investment performance and compliance to Council**

A written report will be presented to a meeting of Council on a monthly basis certifying that all investments have been made in accordance with the *Local Government Act 1993, Local Government (General) Regulations 2005 and Council’s Investment Policy and Procedure*. If a breach of the investment policy or procedure occurs, Council will be notified at its next ordinary Council meeting by Council’s Responsible Accounting Officer.

From time to time Council’s Audit Committee may review Council’s investments practices to confirm they comply with this policy. Council’s external Auditor also reviews Council’s investments as part of the audit of Council’s Annual Financial Reports.

Council will review the policy annually and make amendments as required and approve such amendments by resolution of the Council, after taking into account recommendations of the the Audit, Risk and Improvement Committee.

**Safe Custody Arrangements**

Council must retain beneficial ownership at all times and must be in receipt of documentation verifying the existence of the investment. Where a custodian is required, the custodian must be:

- The custodian nominated by TCorp for investment in TCorpIM Funds; or
- Austraclear; or
- An Investment Grade institution so rated by Standard and Poor’s, Moody’s or Fitch.
